1. What personal data we collect and why we collect it ?

Depending on how you interact with our website, we may collect the following personal information about you:

- **Comments:** when visitors leave comments on the site we collect the data shown in the comments form, and also the visitor's IP address and browser user agent string to help spam detection.

An anonymized string created from your email address (also called a hash) may be provided to the Gravatar service to see if you are using it. The Gravatar service privacy policy is available here: <https://automattic.com/privacy/>. After approval of your comment, your profile picture is visible to the public in the context of your comment.

- **Media:** if you upload images to the website, you should avoid uploading images with embedded location data (EXIF GPS) included. Visitors to the website can download and extract any location data from images on the website.
- **Cookies:** if you leave a comment on our site you may opt-in to saving your name, email address and website in cookies. These are for your convenience so that you do not have to fill in your details again when you leave another comment. These cookies will last for one year.

If you have an account and you log in to this site, we will set a temporary cookie to determine if your browser accepts cookies. This cookie contains no personal data and is discarded when you close your browser.

If you are under 13 years of age, please do not access or use our website. We do not knowingly collect or maintain personal information from persons under 13 years of age. If we learn that personal information of persons under 13 has been collected on or through our website, we will take appropriate steps to delete this information.

If you have an account on this site, or have left comments, you can request to receive an exported file of the personal data we hold about

you, including any data you have provided to us. You can also request that we erase any personal data we hold about you. This does not include any data we are obliged to keep for administrative, legal, or security purposes.

4. How do we protect your data ?
